LETTERS

Here's what you had to say last week in letters sent to the editorial pages of *The Advance*, *The Daily Townsman*, *The Daily Bulletin* and *The Free Press*.

Praise for Kimberley by-law

Thank You so much for passing the bylaw which will ban the cosmetic use of pesticides in Kimberley! This will help the community at so many levels, both evident and unforeseeable. There are so many unconventional ways to create beauty. This bylaw is the beginning of something great; I am certain.
Nicole Leclair-Dodd
Kimberley

About time! Way to go. Let's do it right the first time now and make the by-law a good one.
Mark Davies
Kimberley

As a resident of Kimberley, I am VERY pleased to see that City Council has drafted a bylaw calling for a moratorium on the use of cosmetic pesticides. By doing so, Kimberley has joined that ranks of several dozen communities and numerous provinces in promoting a healthier, more environmentally-responsible city.
Thank you!!!!
J. MacDonald
Kimberley
